

# Elvis Presley, Girl Happy

Girl happy, yes I'm girl happy,  
Girl happy, can't you see

Every girl I see looks good to me  
What crazy way I were to be  
I love a life of nothing but beautiful women  
Well I'm girl happy, yes I'm girl happy,  
Girl happy, can't you see

Every time I see a pretty face  
My heart just heads for outer space  
I need a girl to make my life worth of living  
Yes, I'm girl happy, yes I'm girl happy,  
Girl happy, can't you see

I've been like this since I was just a baby boy  
First nurse that rocked my cradle made me jump to joy  
Mama keep your daughter out of sight  
I'm in a lovin' mood tonight  
I love a life of nothing but beautiful women  
Well I'm girl happy, yes I'm girl happy,  
Girl happy, can't you see

I've been like this since I was just a baby boy  
First nurse that rocked my cradle made me jump to joy  
Girl happy, well I'm girl happy,  
Yes I'm girl happy, can't you see  
Girl happy, said I'm girl happy,  
Yes I'm girl happy, can't you see
