

# Elvis Presley, How Would You Like To Be

How would you like to be a little circus clown?  
And you could wear a smile instead of a frown  
How would you like to be a little kangaroo?  
A-hoppin' up and down, and I could hop with you

Come on and smile a little, smile a little  
Hop a little, hop a little  
Smile a little, hop a little bit with me

Come on and smile a little, smile a little  
Hop a little, hop a little  
Smile a little, hop a little bit with me

Oh ho, ha ha  
A-tra la la la la la  
A ha  
Tra la la la la la

How would you like to be a little buzzing bee?  
And instead of a tree, you could buzz around me  
How would you like to be a little mocking bird?  
And you can sing me songs like I never heard

Come on and buzz a little, buzz a little  
Sing a little, sing a little  
Buzz a little, sing a little bit with me

Buzz, buzz, buzz a little  
Do re mi a little  
Buzz a little, sing a little bit with me

Oh ho, a-ha  
A-tra la la la la la  
A-ha  
Tra la la la la la

How would you like to be a little baby bear?  
And you can hug me tight any time you care  
How would you like to be a little dancing doll?  
And you could dance with me everytime I call

Oh-ho  
Tra la la la la la  
Oh-ho, ah-ah  
Tra la la la la la
