Elvis Presley, Just A Little Bit

I don't want much Just want a little bit Don't want it all Just a little bit Give me an eeny weeny bit A teeny weeny bit of your love Turn your lamps down low Slip me a kiss Turn your lights down low I won't let you resist I want an eeny weeny bit A teeny weeny bit of your love Early in the mornin' Well just a little bit Around midnight Just a little bit I want an eeny weeny bit A teeny weeny bit of your love Walk with me Just a little bit I said talk to me Just a little bit I want an eeny weeny bit A teeny weeny bit of your love I want you to remember To say that you'll be mine Say you'll never leave me Till the end of time I want an eeny weeny bit A teeny weeny bit of your love I want an eeny weeny bit A teeny weeny bit of your love
