

# Elvis Presley, Steppin' Out Of Line

(Wise - Weisman - Fuller)

Listen, little lady,  
You're steppin' out of line  
What's your hurry baby,  
You got a lot of time  
That's not love you feel,  
It's only make believe  
Watch out, you'll break the heart  
You're wearing on you sleeve

Cheating with your kisses  
You think you know it all  
Old worry gonna get you,  
You're riding for a fall  
Better slow it down,  
I see a danger sign,  
'Cause the way you're steppin' around  
You're steppin' out of line  
You're steppin' out of line
