

# Emeli Sandé, How Were We To Know

I won't think about it  
Cos I don't know how to handle this shit  
We both could have done better  
But come on come on

How were we to know?  
How were we to know?  
We gave it all we had  
So come on don't feel bad  
Cos how were we to know?

Please don't come round to my place  
Cos I don't want you to see me like this  
We know it ended in disaster  
But we tried we tried but

How were we to know?  
How were we to know?  
We gave it all we had  
So come on don't feel bad  
Cos how were we to know?  
How were we to know?

We could have done better but sooner  
Or later we stopped all love letters  
And things that we dreaded  
Were standing in front of us  
Staring us dead in the eye  
We should have been patient  
But who the hell's got any time to be patient  
When it's just a matter of time? Of time but

How were we to know?  
How were we to know?  
We gave it all we had  
So come on don't feel bad  
Cos how were we to know?  
How were we to know?
