

Eminem, Cheddar Bob Freestyle

cheddar, i can rip you to a shredder,
cheddar cheese, theres not a better MC then me,
im b rabbit, bitch, sting like a bee,
float like a butterfly, what am i, so what if i cut a guy,
did i s-s-studder guy,
leave you punch drunk from lunch truck to shelter,
you never felt the rag that held the skelta, melt ya,
got the belt for the welt to weight champ,
you got in with a fake stamp,
garbage bag full of clothes, still pullin hoes,
rip you from head to toe, from leg to bullet hole,
next gun pull it slow,
and aim at the freeworld before you let it go,
instead of oh, i just shot my dick head,
and yes you do gotta big head,
i can't call it, cheddar where's your wallet,
your so drunk, you can out drink the alcoholics,
make them say damn, cheddar's the man,
he needs a can surgically removed from his hand.
