

# Eminem, Nobody's Perfect

(Eminem)

I really liked you  
and you didnt listen  
and now I wanan take back everything I said  
I wish I were dead  
to many things that I did  
To many wrongs that i've done  
how could I be so stupid  
not thinkin of anyone else  
just thinkin about me

(chorus)

If you think a while  
you will fine out that no one in this world of ours  
is perfect

(Eminem)

I shoullda been thinkin about the others around me  
who I would be hurtin  
who I made mad  
who i made sad  
I just wish I could take it all back  
even at the cost of my lyrics  
cant bare it

I need you

Im nothing without you  
Im scared of life  
I need someone by my side  
i dont wanna just sit and hide

(Chorus)

If you think a while  
you will fine out that no one in this world of ours  
is perfect

Im tired of life

and its bad ride  
everyone thats died in Iraq  
when the United States were under attack  
all the terrorism goin on  
everyone that been hit by a bomb

(Chorus)(X2)

If you think a while  
you will fine out that no one in this world of ours  
is perfect.
