

Eminem, Pretzel's Freestyle

This is my freestyle

I may suck but i can a least try.....Here is goes

I like Eminem because he can rap better then me

I know I'm no movie star or rap star

but i'm just another person who likes rap and one day

be able to produce my own alubm or have a demo of something

I like Dr. dre and vanilla ice can kiss my ass

This is Pretzel's freestyle i may suck but i can a least try

My friend derek is a punk but he is the coolest guy i know not!

just kidding

I had a great life going up not like Eminem but he likes to rap about his life

and i think that is cool

That cleaning out my closet is a great song and i like it

This is Pretzel's freestyle i may suck but i can a least try

Now this is not the best rap but like i said i can a least try and i'm not the

best rapper in town.

But you know all of you people can kiss my ass.
