## Eminem, Take It Or Leave It

In your garden I try to fall asleep Sister Mary Walking on the wall

Sister Mary

Heading for a fall

Sister Mary

Waiting for a call

Sister Mary

Pride before a fall

So many moments

All I really neede was the one

So many moments

I have been mistreated

Playings done

Pretty soon I'm gonna run

Sister Mary

Walking on the grass

Sister Mary

Breathing on the glass

Sister Mary

Looking at the past

Sister Mary

You've got peace at last

So many moments

All I really neede was the one

So many moments

I have been mistreated

Playings done

Pretty soon I'm gonna run

Take it or leave it

'cause I don't care

you better believe it

I'm down there

Take it or leave it

I'm down there

Take it or leave it

'cause I don't care

I come out of the blue

Bringing dark days for you

In your garden

I try to stay awake
