

# Emma Bunton, Free Me

Being with you  
Longing for something to happen  
Biding my time  
Hoping to get a reaction  
Atmosphere's tense  
Heavy with anticipation  
Don't leave me here  
With only my imagination

Free me...

[Chorus]  
Now free me  
Let me loose to love you  
Yeah how I long to seduce you oh  
Free me  
Let me loose to love you  
Yeah how I long to seduce you now

How long can I continue to suffer in silence?  
My aching heart can't bear to awaiting such suspense  
So maybe it's time to tell you just how I am feeling  
'cause full-on desire I have too long been concealing

Free me

[Chorus]  
Now free me  
Let me loose to love you  
Yeah how I long to seduce you oh  
Free me  
Let me loose to love you  
Yeah how I long to seduce you now

Free me  
Free me

[Chorus]  
Now free me  
Let me loose to love you  
Yeah how I long to seduce you oh  
Free me  
Let me loose to love you  
Yeah how I long to seduce you oh

[Chorus]  
Free me  
Let me loose to love you  
Yeah how I long to seduce you oh  
Free me  
Let me loose to love you  
Yeah how I long to seduce you now
