

Emma Bunton, Something So Beautiful

All the simple things you say (never gone away)
Taken all my breath away
So I've come back to stay

All the little things you do (just like I always knew)
Keeps me running back to you
Cos I belong with you

This is something that's quite beautiful
Found what I've been looking for
Like the sunshine, it's so wonderful
In my heart I feel it, something that's so beautiful

Something so beautiful
Something so beautiful

This is a place where I can lay (now I'm home to stay)
Puts a smile upon my face
Keeps me warm and safe

Time is proof is that we're not wrong (always been so strong)
I never felt like I was gone
I'm back where I belong

This is something that's quite beautiful
Found what I've been looking for
Like the sunshine, it's so wonderful
In my heart I feel it, something that's so beautiful

Something so beautiful
Something so

Ooh-ooh-ooh
This is something that's quite beautiful
Found what I've been looking for
Like the sunshine, it's so wonderful
In my heart I feel it, something that's so beautiful

Something so beautiful
Something so beautiful
