

Emo Side Project, Thank You

you changed the world without a word
you made fish jump in a pond
you made a dying tree begin to grow
you changed my day without a smile
you take care of every child
you take fields and make them grow green
you make it rain when the sun is hot
you make it snow, when it is not
you take my sunny blues away from me

if i knew where i was going and caught it before it went
if i lived in New York City and had the money i spent
if my life line changed and i was rearranged
i'd thank you

if i knew what i was missing if i really didnt care
if for once id go on winning and never run of scared
if i could touch you, not worry bout my hurt
i'd thank you

if i knew where i was going and caught it before it went
if i lived in New York City and had the money i spent
if my life line changed and i was rearranged
i'd thank you

i'd like to thank you for what you've done
hope that you'll remember me
as your silent sun
i need you, as much as you need me
thank you, thank you
