

# En Vogue, Just Can't Stay Away

Won't you come close to me now  
Won't you come close to me now  
Here I am baby  
Right back in your arms  
What is it 'bout your love  
That draws me to you  
And though this is not the first time, baby  
I ever wanted to get away, no  
Oh but the magic of your love  
Just would not let me stray  
So I find that I just can't  
Stay away from you baby, you yea  
You see, I just can't stay away from you  
Let me tell ya  
I've been through a lot of changes  
see, my mama scorn me  
Oh yes she did  
And my closest friends, oh Lord  
You know they warned me  
They said you're no good for me  
But I just ignored it  
Yes I did  
Cause I didn't have time  
No time, no time, no time  
To sit around and decide what to do  
When someone controls your mind  
There's not much you can do  
So you see that's why  
I can't stay away  
I don't wanna, from you  
It's not in my power to leave you  
You control the soul in me  
I can't stay away  
You've been so good to me  
I just love that man  
Just can't, don't want to, I can't no way
