

Enemy, Away From Here

I'm so sick, sick, sick and tired
Of working just to be retired
I don't want to get that far
I don't want your company car
Promotions aint my thing
Name badges are not interesting
It's much easier for me see
To stay at home with Richard and Judy

Awayaway oh oh oh away from here...

Awayaway oh oh oh away from here

Awayaway oh oh oh away from here

Awayaway oh oh oh away from here

I'm fed up of early mornings
Wake up calls are getting boring round here
Feet dragging on the pavement
The same people with the same arrangement
Irony can be quite funny
You making other people money
My working day has just begun
its not exactly what i would call fun

I want to wake up in the afternoon
With daytime TV and my favourite tune
Cos it is much easier for me see
To stay at home with Richard and Judy

Awayaway oh oh oh away from here.....

Away away away away from

Saturday is your only highlight
When you go out and live the highlife
meeting up with other people
your interaction with the weak and feable
Atleast when all is said and done
You wouldn't be the only one
To be a slave to the modern wage
Your crappy weekend is your only escape

I want to wake up in the afternoon
With daytime TV and my favourite tune
Cos it is much easier for me
To stay at home with Richard and Judy

Awayaway oh oh oh away from here.....
Away away away away from here
