

# Enforcer, Destroyer

Wrapped around your neck  
Chains of death now are tense  
Swords of darkness  
To arms commence  
Under the sign  
An unholy strife  
Devil's hot breath  
Breeding new life

Evil arise

Destroyer

Killers are ready  
Attacking severe  
Gather around  
The war's drawing near  
Bells of destruction  
Can you hear the chime?  
Destroyer of worlds  
Annihilation of time

Riding the earth
