

# Enforcer, Die for the devil

Die for the Devil, die as one

I've seen the words you are not to know  
Of legends untold  
I've seen the truths of the outer world  
Of mysteries unfold

And through the darkness of Lucifer  
I'll find my way  
Because in darkness I see the light

The time has come  
Die for the Devil, die as one  
Nowhere to run  
Die for the Devil, die as one  
We die as one

I've seen the worlds of the future burn  
In the mist of the past  
I've seen the gates to the underworld  
Where heavens lay vast

And with the guidance of Lucifer  
I'll live again  
Eternal wisdom  
Eternal life

The time has come  
Die for the Devil, die as one  
Nowhere to run  
Die for the Devil, die as one  
We die as one

The time has come  
Die for the Devil, die as one  
Nowhere to run  
Die for the Devil, die as one

I'm on the run  
Die for the Devil  
Beneath the sun  
Die for the Devil, die as one

Die for the Devil  
Die for the Devil, die as one
