

# Eno, Brian, Over

Into the road and ten women  
They are the rose of, oh, living  
They're over...  
Paling over.

Say all the words that are memory  
Enter the ways of all the pain  
Send over...  
All is over.

Hitherto rode and wherebefore  
Given the rules we had to call  
All over...  
All and over.

(Inaudible chorus)

Into the ways of forgiving  
Into the silver source renew  
Over  
Big over.

Into the world he was approved  
Came to the world a year too soon  
Over  
And over.
