

Ensiferum, For Sirens

War rages inside me
Deny the sweet lie from me

I want to see, I want to feel
I don't care if it's not real
I have to go, unchain me
Because the flesh is weak

In my dreams, I cry for more
Nothing is the way it was before

I feel like a sea without a shore
Let my heart go!
I curse the day, I heard your call
Let my heart go!

Soul, eternally bewitched
Home and peace, do they even exist?

I want to see, I want to feel
I don't care if it's not real
I have to go, unchain me
Because the flesh is weak

In my dreams, I cry for more
Nothing is the way it was before

I feel like a sea without a shore
Let my heart go!
I curse the day, I heard your call
Let my heart go!

Hear now, heed the words of wisdom
The peril is waiting for you
Fear not, cling yourself to wisdom
Survive the torment of souls
The serenity after a storm

In my dreams, I cry for more
Nothing is the way it was before

In my dreams, I cry for more
Nothing is the way it was before

I feel like a sea without a shore
Let my heart go!
I curse the day, I heard your call
Let my heart go!
