

# Ensiferum, For Sirens

War rages inside me  
Deny the sweet lie from me

I want to see, I want to feel  
I don't care if it's not real  
I have to go, unchain me  
Because the flesh is weak

In my dreams, I cry for more  
Nothing is the way it was before

I feel like a sea without a shore  
Let my heart go!  
I curse the day, I heard your call  
Let my heart go!

Soul, eternally bewitched  
Home and peace, do they even exist?

I want to see, I want to feel  
I don't care if it's not real  
I have to go, unchain me  
Because the flesh is weak

In my dreams, I cry for more  
Nothing is the way it was before

I feel like a sea without a shore  
Let my heart go!  
I curse the day, I heard your call  
Let my heart go!

Hear now, heed the words of wisdom  
The peril is waiting for you  
Fear not, cling yourself to wisdom  
Survive the torment of souls  
The serenity after a storm

In my dreams, I cry for more  
Nothing is the way it was before

In my dreams, I cry for more  
Nothing is the way it was before

I feel like a sea without a shore  
Let my heart go!  
I curse the day, I heard your call  
Let my heart go!
