Ensiferum, For Sirens

War rages inside me Deny the sweet lie from me

I want to see, I want to ☐feel I ☐don't care if ☐t's not real I have to go, ☐unchain me Because the flesh is weak

In my dreams, I cry for more Nothing is the way it was before

I feel like a sea without a shore Let my heart go! I curse the day, I heard your call Let my heart go!

Soul, eternally bewitched Home and peace, do they even exist?

I want to see, I want to feel I don't care if it's not real I have to go, unchain me Because the flesh is weak

In my dreams, I cry for more Nothing is the way it was before

I feel like a sea without a shore Let my heart go! I curse the day, I heard your call Let my heart go!

Hear now, heed the words of wisdom The peril is waiting for you Fear not, cling yourself to wisdom Survive the torment of souls The serenity after a storm

In my dreams, I cry for more Nothing is the way it was before

In my dreams, I cry for more Nothing is the way it was before

I feel like a sea without a shore Let my heart go! I curse the day, I heard your call Let my heart go!
