

Enslaved, Loke

Laughter echoes through the night
The evening star shines over Midgard
Evil mingles in the dark
The organised cosmos' enemy comes forth

Loke, the son of Frbaute.. father of lies
Born of earth, unbound by laws

Takk weeps no heavy tears
For the loss of the sun's handsome son
But the mare in the woods submits
For the regaining of Foster brother's favour

Loke, the son of Frbaute.. father of lies
Born of earth, unbound by laws

The salmon glides in the waterfall
The eagle sails with the wind
Hammer groans in Jotun scull
The under ground spurts fire

Laughter, deceit, beauty and contempt
The old norse god's protector and leader of Jotuns
