

Enthroned, The Face of Death

Sanctify! sanctify my being through my blood by my spirit,
Bless me! bless my devotion by your grandeur, father !
Burn me! burn me into pleasures of pain and flesh !
Sanctify! sanctify my being through wrath by my health!

each night i hear the voice of my father...
he oblige me to sate my bestial instinct:
I kidnap weak chicks for my perverted pleasures, my lair is the corridor to
death, the entrance
towards hell!!
I sew their eyes open wide, then they cannot close them anymore, then they
could see the face of
death... MINE !!!!!

They're alive when i break their weak bones, when my clock slash their
cunt, their small butt!!
i drive nails within their chocked eyes, just before i draw arms and legs
to finally eat their guts!!!

I'm the gates towards hell... I am "death" and i am everywhere...
WAITING FOR YOU !!!

THE FACE OF DEATH !!!!!
