

# Eowyn, Locked Away

Verse 1: Look past all I've been before  
I'm longing, pleading for so much more.  
Do you see me on this cliff afraid?  
Waiting, praying, come and take away the pain?

Chorus: Locked away in these chains I need to find myself.  
Trust today I will fade if I don't find myself.  
Without you I've morphed into a lesser me.  
Don't you see, all I need is You to find myself!

Verse 2: Set back clocks of wounded times.  
I'm grasping, begging for one more try.  
Do you see the possibilities?  
Take me, break me, mold this new found me.

Bridge: Locked away? Come and free me? Locked away? Come and free me.  
Come and free me!
