

Era Istrefi, Redrum (feat. Felix Snow)

I don't care about your money or your fancy
Some people call me bonnie
I can shoot you like a star
Sweet like honey, sticky like gun
Chew you like a cannibal
Red red rum
Chew you like a cannibal
Red red rum
Chew you like a cannibal
Red red rum
Chew you like a cannibal
Red red rum

If you be diablo
Then I leave you hallow
Where I go you follow
So you better act right

My love is bitter-sweet
But I can show you heaven
But first get on your knees
Close your eyes and count to 7
I don't care if you a peasant or a king
If you're with me then you're everything

You're too smart for all that drama
Can't fix my heart with all you're your commas
You drive so fast
Don't care about my momma
As if we're gonna make it

And I;m to good for all your bullshit
But you got something that I don't quit
So let's pretend like we're too perfect
As if we're gonna make it
