Erasure, Angel

See how much you mean to me you're my electric symphony in blue Just one look in your eyes, maybe I was hypnotised by you

You told me on the telephone of a picture so serene And the beat goes on, feels like a fever burning & amp; amp; amp; I say

Yes to your love & pamp; amp; there's no secrets high & pamp; amp; ascending, delving deeper fly like an angel wings unfurling fanning the flames of love eternal

All around the world the love will manifest itself in special ways up there on the shelf in spiritual or sexual relays

I want you yeh I crave you, I need you next to me Locking the lip-sync on a rocket to red hot love perfection

Here we go round & amp; amp; there's no secrets high & amp; amp; ascending delving deeper under the water clear as crystal spinning around n giant circles fly like an angel wings unfurling fanning the flames of love eternal

You say, & amp; amp; quot; Reach me I'll be your deity, come & amp; amp; amp; touch me make it rea Turning the charm full on sending me into excitation

Here we go round no room for secrets high & ascending delving deeper love is resounding clear as crystal spinning around in giant circles

Our message is love & Description amp; amp; there's no secrets ever evolving heavenly creatures fly like an angel wings unfurling fanning the flames of love eternal
