

Eri Itoh, You are my love

Kiss me sweet,
I'm sleeping in silence
All alone in ice and snow
In my dream I'm calling your name
You are my love
In your eyes I search for my memory
Lost in vain, so far in the scenery
Hold me tight, and swear again and again
We'll never be apart
If you could touch my feathers softly,
I'll give you my love
We set sail in the darkness of the night, out to the sea
To find me there, To find you there,
Love me now, If you dare.
Kiss me sweet, I'm sleeping in sorrow
All alone, to see you tomorrow
In my dream I'm calling your name
You are my love
My love ..
