

# Eric Clapton, I Wanna Be

(Doyle Bramhall II and Charlie Sexton)

I wander helplessly day by day.  
It's so much easier to run away.  
My mind is spent, my body sold,  
Never knowing which way to go

I'm always there for you baby,  
Won't you let me see  
If we can get closer.  
Every day,

[Chorus:]  
I wanna be felt by you.  
I wanna be touched by you.  
I wanna be loved by you.  
I wanna be anything you want me to.

Don't mean nothing when you're growing old.  
Nobody knows what the future holds.  
I am left with a bitter taste,  
Torn away from that beautiful chase.

I'm always there for you baby,  
Won't you let me see  
If we can get closer.  
Every day,

[Chorus 3x]
