

Eric Clapton, No Alibis

(Jerry Lynn Williams)

I beg your pardon, hello darlin'
This is me you're talkin' to
Sit down and tell me about it
You don't have to shout it at me
Tell me what you really want to do

Don't give me no alibis
No untrue stories you're trying to justify
Don't want no alibis
Just another reason for another lie

Mountain gets steeper
The hole you dig gets deeper
You better stop and climb out
'Cause I'm trying to give it all to you
Baby I can see right through you
Sometimes you lose what it's all about

Don't give me no alibis
Can't go through life trying to justify
Don't want no alibis
Just another reason for another lie

[Repeat First Chorus]

Mountain gets steeper
The hole you dig is getting deeper
Better reach out and pull yourself out
Nobody ever gonna love you the way that I love you
And I never want to see you doin' without

[Repeat First Chorus 2x]
