

# Eric Clapton, Run So Far

(George Harrison)

You fly  
Out as your smile wears thin  
And I sigh  
Knowing the mess you're in  
And you know that you can't get away  
And you know you can't hide it from yourself

Lonely days, heavy heart  
No escape, can only run so far

I know  
Something I ought to say  
Stuck here  
Trying to find a way  
And you know that you can't get away  
And you know you can't hide it from yourself

Lonely nights, blue guitar  
No way out, can only run so far

Lonesome tears, at the bar  
One way street, can only run so far

I pray  
That you might make it through  
Those teardrops  
Now seems a part of you  
And you know that you can't get away  
And you know you can't hide it from yourself

Fallin' down, under par  
Can't get out, can only run so far

Lonely days, heavy heart  
No escape, can only run so far

Lonesome tears, at the bar  
One way street, can only run so far
