

Eric Clapton, Will It Go Round In Circles?

I've got a song, I ain't got no melody
I'ma gonna sing it to my friends
I've got a song, I ain't got no melody
I'ma gonna sing it to my friends

Will it go round in circles
Will it fly high like a bird up in the sky
Will it go round in circles
Will it fly high like a bird up in the sky

I've got a story, ain't got no moral
Let the bad guy win every once in a while
I've got a story, ain't got no moral
Let the bad guy win every once in a while

Will it go round in circles
Will it fly high like a bird up in the sky
Will it go round in circles
Will it fly high like a bird up in the sky

I've got a dance, I ain't got no steps, no
I'm gonna let the music move me around
I've got a dance, I ain't got no steps
I'm gonna let the music move me around

Will it go round in circles
Will it fly high like a bird up in the sky
Will it go round in circles
Will it fly high like a bird up in the sky

Will it go round in circles
Will it fly high like a bird up in the sky
Will it go round in circles
Will it fly high like a bird up in the sky

I've got a song, I ain't got no melody
I'ma gonna sing it to my friends
I've got a song, I ain't got no melody
I'ma gonna sing it to my friends

Will it go round in circles
Will it fly high like a bird up in the sky
Will it go round in circles
Will it fly high like a bird up in the sky
