## Eric Johnson, Emerald Eyes

When i go and i get lonely,i begin to think of you But i know a dream is only,im a fool Someone said that ud be long gone Not to waste my time on u I see u everyday and sunshine im a fool Am i the fool to you? oh yeah

Emerald eyes i see u somewhere Why your eyes so blue? Love can be like holding your breath Is that the way fools do?

Havent time to talk about it I admit ive been a fool Thought i shouldnt think about it I need you cant stop this feeling Am i the fool to you?

(3x)emerald eyes i see you somewhere Why your eyes so blue? Love can be like holding your breath Is that the way fools do?
