

# Eric Schwartz, Houston, We Have A Problem (Sh

Your birthday is coming  
Don't worry, I'm aware  
I've been trying to find you something  
Just to show how much I care  
But I just couldn't tell  
'Til I bought that Mademoiselle  
Now I know just what I'm gonna do  
Now I'm shavin' off my muff for you

"cause lately when you love me  
You've seemed a little cross  
And then after, when you're brushing  
You refuse the dental floss  
Even when it was mint  
But I can take a hint  
Now the only question's one blade or two  
When I'm shavin' off my muff for you

My friends keep axin' "girl, haven't you tried waxin'?"  
&quot;Or that depilatory cream&quot;  
My ex-friend Katie lent me her Epilady

And I found out how loud I could screeeeeeemmmm

Now there's gonna be stubble  
But darlin', duty calls  
So get down there on the double  
If you want to keep your balls  
"cause I scraped and I scratched  
Even had to pluck a patch  
'cause even my Mach Three wouldn't do  
When I'm shavin' off my muff  
Shavin' off my muff  
Shavin off my muff for you

(&quot;Self Bootleg&quot; BONUS VERSE)  
No other woman is gonna shave as close  
Now my little box of funk  
Looks like a Buddhist Monk  
And not like no Chasidic Jew  
Now that I'm shavin off my muff  
Shavin' off my muff  
Shavin off my muff for you
