"... Look how she's movin,

The way she dances the clubs under her spell,

Knows what shes doing,

She sees you fallin oh you goin to need some help...

This girl right here is drivin me so crazy hardly is the henny,

But still she got me hazy, wanna reach out and touch your butt.

That be a problem because-because-cause

" We in the Strip Club,

Fellas loose control when them ladies work them poles got money anything goes,

Up in the strip club,

Ballers bottle poppin,

The ladies they keep it droppin,

All the weight unto the floor"

Dime si lo quieres asi,

That's what the strippin lady has it to me, so I'm gonna go with the show,

Let you keep playin your role, but you and I already know that u really act on my dough,

"We in the Strip Club,

Fellas loose control when them ladies work them poles got money anything goes,

Up in the strip club,

Ballers bottle poppin, the ladies they keep it droppin,

All the weight unto the floor"

Muevelo mami, asi, no me importa si hay otras aki, she's the life of the party,

She's the reason that it got started,

Can't blame her for what she do,

Sexy mama shout out to you,

"We in the Strip Club,

Fellas loose control when them ladies work them poles got money anything goes,

Up in the strip club,

Ballers bottle poppin,

The ladies they keep it droppin,

All the weight unto the floor"
