(Erick Sermon)

Owww!

Word em up, word em up yo

Yeah yeah, word em up like dat

Erick Sermon's in effect

Def Squad, that's the hype

One more time word

Yeah

Yeah, mackadocious shit

Yeah

This is my openin, E comin at ya lazy style

Versatile, crazy wild with my profile

Dominatin the microphone, on my own

Freakin it, with the ill vocal tone

Outspoken, here's a token of my appreciation

I bring drama like Jason

Who can see me? You better ask Superman

for his super vision, cause I'm on a fuckin mission

Test my skills, and I rearrange your fuckin grill

Will kill if I have to get ill

Get away, carry on, and step

like the S1's, cause my crew carry big guns

to blow up, anybody in the range

And plus I'm bad as Michael Jackson, even though he +Dangerous+

E Double with the funk type shit

This is it, so get with the skit motherfucker
