

# Essii, Brown Eyes (ft. Coi Leray)

In my sea feel the motion of waves all in my core  
The waves yeah  
I'm wetter than waves  
Washed on your shore  
Oh boy I'm so sure  
About you oh I adore what  
You do bae give me more of you

Love when I roll and my hips whine  
I'll leave the wheel baby you drive  
Overnight baby we can spend time  
Hypnotised by those big brown eyes

I Told baby boy put that thang on me  
He said put that pussy on me  
He get to the money make it rain on me  
Tell the truth what would you do without me  
He like a freak , yeah seven days a week  
Fuck me in designer double g up on the sheets  
And ride, damn get up in my pants  
Fuck me to a slow song baby lets dance  
Follow me baby ima show you  
Come take a dive in the ocean  
Me and you ride in a foreign  
Those pretty brown eyes i adore them

Love when I roll and my hips whine  
I leave the wheel baby you drive  
Overnight baby we can spend time  
Hypnotised by those big brown eyes

He say he like it, yeah he like it sweet  
Stop the searching, found the best in me  
And he grafting cus i'm what he needs

Scared to lose me cus i got that skill  
Say he love me but i told him chill  
Know it's crazy but i love the thrill

Don't stop I wanna go  
You want it now I gotta know  
No need to rush  
Boy we can take it slow

Love when I roll and my hips whine  
I leave the wheel baby you drive  
Overnight baby we can spend time  
Hypnotised by those big brown eyes
