

# Eva Cassidy, Fever

Never know how much I love you, you never know how much I care  
When you put your arms around me, I get a feeling that I just can't bear  
You give me fever, when you kiss me, fever when you hold me tight  
Fever in the morning, fever all through the night.

Bless my soul I love you, take this heart away  
Take these arms I never use them  
And just believe what my lips have to say  
You give me fever, when you kiss me, fever when you hold me tight  
Fever in the morning, fever all through the night

Listen to me baby, hear every word I say  
No one can love you the way I do  
Because they don't know how to love you my way  
You give me fever, when you kiss me, fever when you hold me tight  
Fever in the morning, fever all through the night

The sun lights up the daytime, the moon lights up at night  
My eyes light up when you call my name,  
Because I know you're gonna treat me right  
You give me fever, when you kiss me, fever when you hold me tight  
Fever in the morning, fever all through the night.  
You give me fever, you give me fever, oh yeah,  
Fever all through the night
