

evan and jaron, Distance

The sky has lost its color
The sun has turned to gray
At least that's how it feels to me
Whenever you're away
I crawl up in the corner
as I watch the minutes pass
each one brings me closer to
The time you'll be back; you're coming back
I can't take the distance
I can't take the miles
I can't take the time until the next time I see you smile
I can't take the distance
And I'm not ashamed
That I can't take a breath without seeing your name
But I can't breathe a hurricane
and still be standing tall
when all the dust has settled down
but i cant take the distance.
I still believe in feelings
But sometimes I feel too much
I make believe you're close to me
But it ain't close enough
Not nearly close enough
I can't take the distance
I can't take the miles
I can't take the time until the next time I see you smile
I can't take the distance
And I'm not ashamed
That I cant take a breath without seeing your name
But I can't breathe a hurricane
and still be standing tall
when all the dust has settled down
but i cant take the distance.
I can't take the distance
I can't take the miles
I can't take the time until the next time I see you smile
I can't take the distance
And I'm not ashamed
That I cant take a breath without seeing your name
I cant take the distance, the distance
I'd brave fire.
And I'd brave rain.
To be by your side, I'd do anything.
I can't take the distance.
I will go the distance.
I will go the miles.
That's how much you mean to me.
Cause I can't take the distance
I can't take these miles
I can't take the time until I next see you smile
I can't take the distance
And I'm not ashamed
That with every breath I take I'm calling your name.
It's harder to remember
The longer you're away.
When I find silence.
I don't want the distance.
It's harder to remember
The longer you're away.
When I find silence.
I can't take the distance.
It's harder to remember
The longer you're away.
When I find silence.
