Evanescence, Everybody's Fool (Demo V.2)

Perfect by nature Icons of self indulgence Just what we all need More lies about a world that

Never was and never will be Have you no shame? Don't you see me? You know you've got everybody fooled

Look! Here she comes now Bow down and stare in wonder Oh! How we love you Too bad we didn't know she

Never was and never will be You don't know how you've betrayed me And somehow you've got everybody fooled

The dynamic of symmetrical social riots Can be summed together in broad statements That what has become blueprint for all And all have been reduced to the space of one

I know the truth now I know who you are And I don't love you anymore

It never was and never will be You don't know how you've betrayed me And somehow you've got everybody fooled

It never was and never will be You're not real and you can't save me Somehow now you're everybody's fool
