

EVERGLOW (□□□□□), DUN DUN

EVERGLOW

hit the drums
parum pupm pump um pum
go ahead and sing
Traalalalalala

I am going in fierce from the start
don't be shocked
I am spreading by word of mouth
they say that kid just passed by
by isn't average

this deep jungle is just a thrilling playground to me
alright I've been chosen
nananannananana

I'll leave my name
in that heart of yours
so, you had better run

you are so done
DUN DUN DUN DUN Run
you are so done
DUN DUN DUN DUN Run
you are so done

trapped in my light
like a young lamb
baby you'll be frozen

I am more fearless than I look so strong
don't let down your guard
or I'll flip the tables
bomb, the bomb
I'll dominate in a flash
and leave you breathless
talking cool but my gestures are hot like uh

elegantly now I won't stop
can't stop I am aiming for you

even if you run it's a deserted island
alright, it's all over
i'll leave my image in that heart of yours

so you had better run
you are so done
DUN DUN DUN DUN Run
you are so done
DUN DUN DUN DUN Run
you are so done

trapped in my gaze
like a young lamb
baby you'll be frozen

deeper and deeper I'll dig into you
clutching to the end without a doubt
hail me
you'll stare
shout my name
you'll call
that's right

you're mine
I've seen right through you

so you had better run
you are so done
DUN DUN DUN DUN Run
you are so done
DUN DUN DUN DUN Run
you are so done

trapped in my gaze
like a young lamb
baby you'll be frozen

DUN DUN
DUN DUN
baby you'll be frozen
