Example, Come Taste The Rainbow

I used to look up, But now I look down
Bet you're too afraid to take a look at me now
I used to look up, But now I look down
Come take a look at me
/3x

Never put me on a pedestal

Terrible things I've done just call me indelible

Can't clean up my conscience, cause they were all ultra

God damn I'm cultured, Eat chicks up just like a vulture

I was never like this then I got older

Some say wiser, some say cold

Don't say I didn't warn you, Already told you

Flash Bastard, so plastered

Been too loud ever since classroom

I'm just battling demons,

Seemingly it's what I'm always tossed with

On purpose constant curses just gets worse and worse

Plus a bit of Asperges, ADHD, OCD, I'm OTT

Without the need of Coke or Ketamine, Methylin, Dioxide, Methamphetamine

Maybe one day I'll think about settling

Put on the kettle and maybe watch a little bit of telivision

Think I lost touch,

Don't know shit cause I'm always fucked

High on life, Why do I get by on shit my wife don't like

Lots of crying,

Lots of crimes

Lots of lying,

Not so wise

What's the time?

Time applied

Something, something,

What's the rhyme?

Never find love at the bottom of a bottle

No role model but I'm rolling with models

Chosen wise I've chosen poorly,

Same old story

I'm missing my halo
Where did today go?
Why does it rain so much when it says so?
Let me show you all the beautiful things
What do they know?
Come taste the rainbow
(Come taste the rainbow) x2
(Where did today go?) x2

Mmmm

Always gonna live like it's my last day

Oohhh

Always gonna live like it's my last day

Always gonna live like it's my last day

Oohhh

Always gonna live like it's my last day

I'm missing my halo
Where did today go?
Why does it rain so much when it says so?
Let me show you all the beautiful things
What do they know?
Come taste the rainbow
