## Exploited, Porno Slut

I watch you on my tv screen My mind's in overdrive You're beeing whiped, your arse is red Being suspended by your breasts

I love you, I love you My little porno slut(repeat)

I love the smell of leather You're my mistress of the night I really want to own you You body soul and mind

## (Chorus)

Nipple clamps bite your skin But your pain turns me on Pubes are shaved Your cunt is pierced But it's your face i love the most

## (Chorus)

Lying on your bed Legs spred wide Dildo in between your legs Now she makes you beg
