

Eyes Of Fire, Anyone

It's alright now, if you don't need me.

It's alright now, that I can't see you.

Well it's now alright for me to be a victim of your tragedy.

It's not alright for me anymore.

But is there anyone there for me?

I know, I know there's gotta be someone out there somewhere.

There for me. I know, I know.

Well is there anyone there for me?

I'm good enough to be.

There's gotta be someone out there somewhere, there for me.

It's alright now because I don't need this.

It's alright now because I don't want this.

Well it's not alright that you don't see that I was good enough to be.
