

Faith Hill, Back To You- Faith Hill

I'm Gonna find my way back to you..
I lie in bed and watch the shadows dancing across the wall
Nothing to do but think of you
and count the tears that fall
Oh how i wish it was real
I wish i could feel you holding me close
Only thing i know for sure is i should've never let you go.

chorus

I would walk the world
across the seas
a journey beyond the moon
I'd try anything
go anywhere
to find my way back to you..
I still don't understand the reason
I think i was just afraid
(what can i say)
All i can do is face the truth and deal with the mess
That I've made
Now all i want is the chance
to take it back
and go like this
because ever since we said good bye
i've been lost in loneliness

repeat chorus

Now baby i was wrong now that you're gone and the only thing left to do
is spend every day try everything
to find my way back to you

repeat chorus

I know that i was a fool to push you away
and if you let me back in your life
baby i swear on my heart in your arms i will stay

*Repeat chorus

Baby i'm gonna find my way back to you
Back to you
