

Fallen Prophet, Love the Treason, Hate the Traitor

Since all has been said and done
Once beloved, now alone
Greater good teared us apart
Ice cold blade through bleeding heart

From neglect to deception
Feeding my own parasite
By hate driven, unforgiven
Pull the thorn out of my side

See what's in my head
Hands around your neck
Grab you by the throat
And choke you 'till you're dead

I am loaded with revenge
I'll be laughing at the end
I have nothing more to say
I will never walk away

Inside your ungrateful eyes
Treason shines through your disguise
Remember your promise broken
Words that meant to be unspoken

From neglect to deception
Feeding my own parasite
By hate driven, unforgiven
Pull the thorn out of my side

See what's in my head
Hands around your neck
Grab you by the throat
And choke you 'till you're dead

I am loaded with revenge
I'll be laughing at the end
I have nothing more to say
I will never walk away

I am loaded with revenge
I'll be laughing at the end
I have nothing more to say
I will never walk away
