

# Fallen Prophet, Love the Treason, Hate the Traitor

Since all has been said and done  
Once beloved, now alone  
Greater good teared us apart  
Ice cold blade through bleeding heart

From neglection to deception  
Feeding my own parasite  
By hate driven, unforgiven  
Pull the thorn out of my side

See what's in my head  
Hands around your neck  
Grab you by the throat  
And choke you 'till you're dead

I am loaded with revenge  
I'll be laughing at the end  
I have nothing more to say  
I will never walk away

Inside your ungrateful eyes  
Threasion shines though your disguise  
Remember your promise broken  
Words that meant to be unspoken

From neglection to deception  
Feeding my own parasite  
By hate driven, unforgiven  
Pull the thorn out of my side

See what's in my head  
Hands around your neck  
Grab you by the throat  
And choke you 'till you're dead

I am loaded with revenge  
I'll be laughing at the end  
I have nothing more to say  
I will never walk away

I am loaded with revenge  
I'll be laughing at the end  
I have nothing more to say  
I will never walk away
