Family Partridge, I Think I Love You

ba ba....
I'm sleeping
and right in the middle of a good dream,
and all at once I wake up
from something that keeps knocking at my brain
before i go insane i hold my pillow to my head
and spring up in my bed screaming out the words i dread:

i think i love you! (i think i love you)

this morning
i woke up with this feeling
i didnt know how to deal with
and so i just decided to myself
i'd hide it to myself
and never talk about it
and then i go and shout it when you walk into the room:

i think i love you....

i think i love you, so what am i so afraid of? im afraid that im not sure of a love there is no cure for. well i think i love you - isnt that what life was made of? though it worries me to say, that i've never felt this way...

000.....

I dont what im up against, I dont know what it's all about, i got so much to think about... hhhhheeeeeeyyyyyyy.....

i think i love you, so what am i so afraid of? im afraid that im not sure of a love there is no cure for. Well i think i love you - isn't that what life was made of? though it worries me to say, i've never felt this way.

believe me, you really dont have to worry. i only want to make you happy and if you say, "hey go away" i will, but i think better still i'd better stay around and love you do you think i have a case? let me ask you to your face:

do you think you love me?

well i think i love you......(repeat till end)
