

Fantasia, It's All Good

[VERSE 1]

The things you told me (uh)
Had me open (I)
Gave you something (I)gave nobody else (else)
Led me to believe (you)
Had just what I need
Now I see it's game
Got me dragging my name
You put on a show
Kept the music slow
Got all up in my ear
Saying things that I love to hear
Tears came to my eyes
But I'm not gonna cry
Everything that you ever said turned out to be all lies

[Chrous]

But its all good
Didn't care that you broke my heart
It's all good
Let you have you hit and run
But it's all good
You mistaked my love for fun
Boy you played the part just to get to my heart
It may hurt but it's all good
It's all good
Didn't care that you broke my heart
It's all good
I Let you have you hit and run
But it's all good
You mistaked my love for fun
Boy you played the part just to get to my heart
It may hurt but it's all good

[VERSE 2]

You had her in my car
Like she was the star
Promised I would be
If I satisfied all your needs
I feel like a fool
Cuz I trusted you
Did what I didn't wanna do
Just cuz you wanted me to
I gave you my, soul and my, just don't know why
Couldn't not, recognize, you were about lies
All my girls out there
Just cuz he says he cares
You can't believe everything that he spits in your ear

[Chrous]

But its All Good
You Didn't care that you broke my heart
But its all good
I let you have you hit and run
But it's all good
(Hey) You played my love for fun
Boy you played the part just to get to my heart
It may hurt but it's all good
(Ooh) It's all good
You didn't care that you broke my heart
It's all good
You mistaked my love for fun

But it's all good
(Hey) I let you have you hit and run
Boy you played the part just to get my heart
But its all good

[Bridge]

To all of my girls that have been hurt
Brush the dirt off cuz it's all good
To all of my girls that have been hurt
Throw ya hands up girl it's all good
To all of my girls that have been hurt
Brush the dirt off cuz it's all good
To all of my girls that have been hurt
Throw ya hands up girl it's all good

[Chrous]

It's All Good
Shouldn't let you break my heart
But It's all good
Should've known it from the start
But it's all good
Boy you played around with my heart
You just played the part just to get my heart
It may hurt but it's all good (it hurts, it hurts)
But It's all good
You played with my heart
But It's all good
See Fantasia's from the hood
But it's all good
(Heyyyy)(Oooh) (Heart, My Heart, But It's All Good)

[Bridge]

To all of my girls that have been hurt
Brush the dirt off cuz it's all good
To all of my girls that have been hurt
Throw ya hands up girl it's all good
To all of my girls that have been hurt
Brush the dirt off cuz it's all good
To all of my girls that have been hurt
Throw ya hands up girl it's all good
