

Fantasia, You Got Me Waiting

Verse: Just when I thought I found me someone I cane go wit
Just when I thought I found me someone I cane go wit
That's when my gurlfriend came to me swear she told me that
That nigga ain't nothing I seen him in the club actin like you were no where around
That's when I found out that you were nothing for me
Another love that you said you had turned out to be phony
And I've done gave you the best part
I don't know what else I can do to turn you around no.

Chorus: You got me waiting
You got me waiting
When I'm telling you everything you need hear like baby come now
You got me waiting
But I can't keep waiting on you
Actin like whatever I'm gone always be around
And you think that your somthin like a P.I.M.P
And you can hang in these streets and It'll be alright wit me
Oh baby now
You got me waiting
But I can't keep waiting on you.

Verse: Oh look at me and tell me now that I can be the last one that you think about
Thinkin you can keep on runnin out
My life my life my life
Why it's so hard for you to pick up the phone and call me
Put a little time in for me
Show that you really care for me
Remember how you used to say that nothing comes before me
I knew it was a lie because you put yo boys before me
Promises Promises Promises
They've been broken still I keep holdin on thinking that you would notice that...

Chorus: You got me waiting
You got me waiting
When I'm telling you everything you need hear like baby come now

You got me waiting
But I can't keep waiting on you
Actin like whatever I'm gone always be around
And you think that your somthin like a P.I.M.P
And you can hang in these streets and It'll be alright wit me
Oh baby now

You got me waiting
But I can't keep waiting on you
Verse: oh let me tell you why
There comes a time in every mans life
When he has to do everything his gurl likes
And if he don't choose to ply by the rules
I'm sure there's somebody else out their who just would love to
Do may
Hold may
Go lax yo mind like you did when you was trynna get to know may
Do may
Hold may
Treat me nice and show me all the things you forgot to show me 'cause you

Chorus: You got me waiting
You got me waiting
When I'm telling you everything you need hear like baby come now
You got me waiting
But I can't keep waiting on you
Actin like whatever I'm gone always be around
And you think that your somthin like a P.I.M.P
And you can hang in these streets and It'll be alright wit me

Oh baby now
You got me waiting
But I can't keep waiting on you
Oh, oh ,oh, oh
