

# Farmer's Boys, Whatever Is He Like?

I'm feeling live tonight  
Know what I mean  
I'm going out tonight  
Must get myself clean

Dance down the hallway  
Something in the air

I feel alright tonight  
My shoes have been cleaned  
I'll wash my hair tonight  
I know we'll be seen

Dance down the high street  
It's still in the air

It's not your fault  
You can't control my sense of what is right  
It's not my fault  
How can I help the way I feel tonight?

I'll walk you home tonight  
You won't let me in  
We'll kiss goodnight tonight  
Over and again

Dance back to my home  
It's still in the air

It's not your fault  
You can't control my sense of what is right  
It's not my fault  
How can I help the way I feel tonight?
