

# Faron Dawe, Living Life

They all say its better to walk in light  
They all say you're on your own  
They all say that failure is not worth the fight  
They all say that.

But I say'  
Ye-ah, There's no way that I'm slowing down  
Cause I'm living life.  
Ye-ah, there's a chance that I still could drown  
But I'm not thinking twice.

I'm Living Life.

You always say there's too much road to run  
You always say just stay home  
You always say it's easier said than done  
You always say that.

I'll tell you who's living  
Not the likes of you  
You live in your safe haven,  
Not a thing to do.

But I say'  
Ye-ah, There's no way that I'm slowing down  
Cause I'm living life  
Ye-ah, there's a chance that I still could drown  
But I'm not thinking twice.

I'm Living Life.
